

# Balsa Grand Prix Explained:

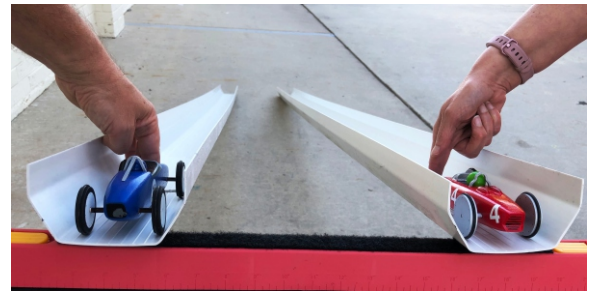

## Balsa Grand Prix kits are:

- made from easy to work with balsa wood
- no tools assembly
- design your own to fancy race replicas

## Balsa Grand Prix Racing:

- allows for close competition without car ballast
- eliminates weighing in at the races
- has kids handle and launch their cars
- allows kids to race over and over
- promotes exciting team racing/work

## Balsa Grand Prix Tracks are:

- inexpensive and sturdy vinyl gutters that are available anywhere
- multi lane tracks that set up in minutes
- set up inside or outdoors
- easy to transport
- stored inside or outdoors
- run without electronics
